

Practical Storing Means for Tachograph Charts and more...

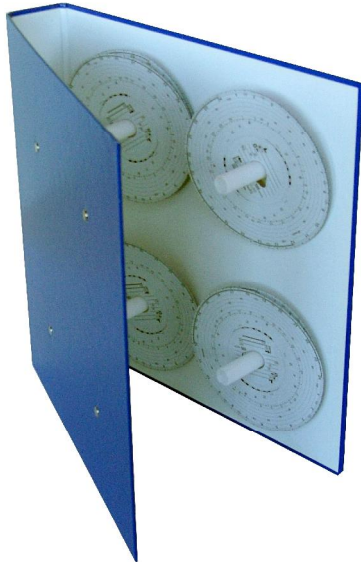

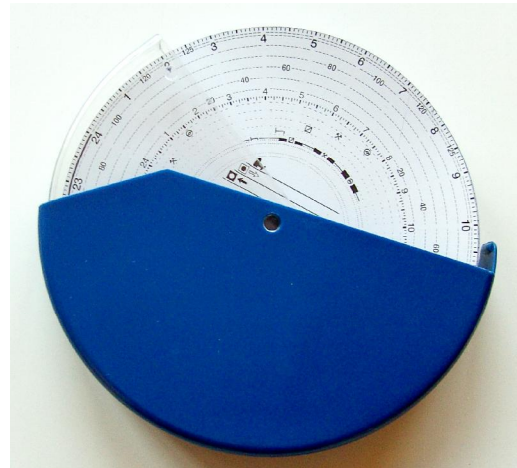

Chart file folder – CFF-001

for four drivers with each 300 charts amounting to 1200 charts can stored in the folder.

The standard colour is blue, possible in back too.

The Box – TRB-001

round as the chart, robust and functional. It protects the tachograph charts against damage and being soiled.

Pouch wallet – CB-001

suitable for filing tachograph charts and CDs. These pouches are useful for protection when mailing them.

Driver wallet – DW-002

with pockets for tachograph charts, fuel reports, driving licence, chip cards and similar...and even a place to put your Biro pen, all zipper locked!

All very convenient and save!
